Diamond Divers, LLC.
Attn: Mr. Stadler
P.O. Box 306
Key Largo, Fl 33037

Dear Mr. Stadler:

I commend your commitment to passenger safety and vessel maintenance. It is a pleasure to work with operators like you whose maintenance and operations programs show a genuine desire to stand out as role models for the Small Passenger Vessel industry.

On February 20, 2007 CWO Jeff Mannion conducted an annual re-inspection on your vessel ISLAND VENTURE and found everything well maintained and in excellent condition.

The vessel was in full compliance with applicable regulations and the Master, and crew were very cooperative and knowledgeable. Based on the exam, I consider the ISLAND VENTURE and its present crew a positive role model for the marine industry.

I commend you for maintaining your vessel in compliance with regulatory statutes and encourage you to continue reaching higher in your pursuit of excellence.

If you have any further questions, please contact Sector Key West Prevention Department at (305) 289-1601.

Sincerely,

A handwritten signature in black ink that reads "Daniel J. Silvestro". The signature is stylized with a large, looped "D" and "S".
